

In the Nature of Materials

Look at the shape of this house.
How might it be helpful if you had
a lot of snow?

If you used materials from your local region to build this house, where would you be living?

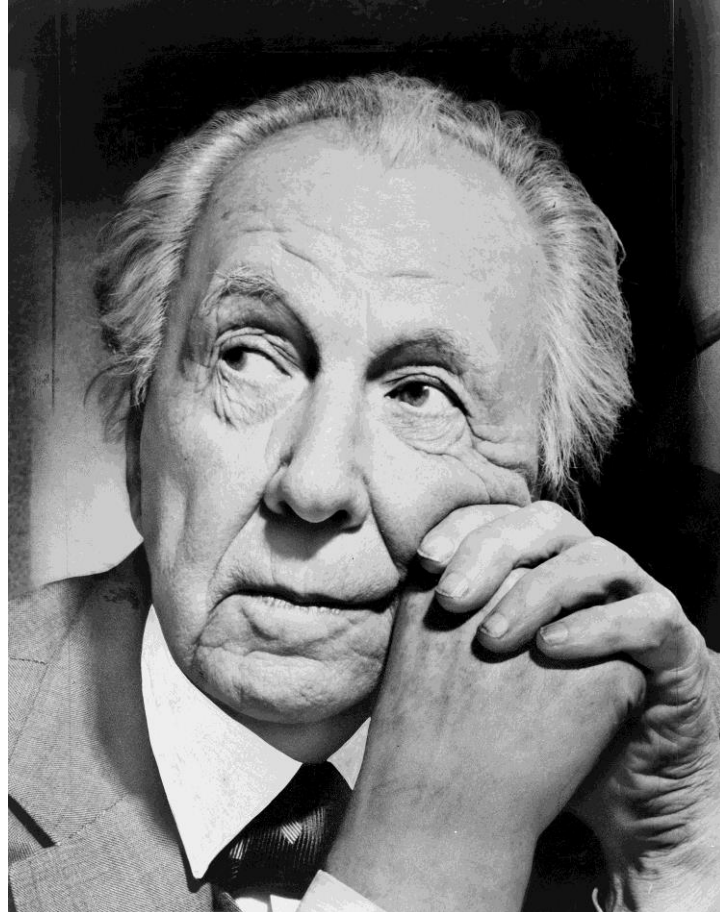

Look at the materials that were used to build this house. Where would you most likely see this house?

“No house should ever be on a hill or on anything. It should be of the hill. Belonging to it. Hill and house should live together, each the happier for the other”.

Frank Lloyd Wright, 1932
